MEMORANDUM FOR: Director of Information Technology, DA

FROM:

[redacted]
Chief, Information Management Staff, DO

25X1

SUBJECT: Appointment of Chief, Field Systems Group

[redacted]

25X1

1. After consideration of all the candidates available and interested in the job of Chief of the Field Systems Group of IMS as well as weighing the various factors germane to this position, the Deputy Director for Operations has appointed [redacted] to the job.

25X1

2. I appreciate the interest and support that you showed in offering candidates from OIT for this position. In reviewing the files of the three persons whom you put forward, I found that of [redacted] particularly interesting. He has many of the professional qualifications needed for the work that we are doing in the CRAFT program. I am sorry that we were unable to select him at this time.

25X1

3. Your offer of additional people and positions to support our work in CRAFT was generous. Should your circumstances permit, perhaps we can still "make a deal" on this at some point. I think that both OIT and IMS would profit from closer working relations in this program. Let us discuss it more.

4. Thanks again for your help.
